

Autodesk Recognizes 3vis as a Leading Performer

3vis named Top North American Reseller in Overall M&E Sales Growth

Montreal, Quebec – March 09, 2010 – 3 V.I.S Technologies Inc. (3vis), the leading reseller of Digital Entertainment Creation (DEC) software in the Media and Entertainment (M&E) industry, announced that it received top honours at the Autodesk One Team Conference (OTC) in Las Vegas, Nevada on March 1st. 3vis was selected, among all authorized North American M&E resellers, as the Top Reseller in Overall M&E Sales Growth. This is the second time that 3vis has been named as leader in this category.

As part of this recognition, Autodesk inducted 3vis into the Autodesk Platinum Club 2010. Autodesk Platinum Club members include Autodesk channel partners who have excelled in sales, growth, and other key measures.

“We are proud of all our Platinum Club members who deliver world-class service and technical expertise. As one of our best performing resellers, 3vis strives to help their customers be more efficient, more competitive and more innovative through Autodesk solutions,” said Steve Blum, senior vice president of Americas Sales, Autodesk.

Drawing from their extensive expertise in the M&E industry, 3vis specialists work closely with customers to provide pipeline consulting, technical support, customized product training, and access to financing.

“We are thrilled to receive this recognition from Autodesk. We want to thank our clients who helped us achieve this prestigious award. Ultimately, their success is our success. We understand that customers have choice and want to sincerely thank them for having the faith and confidence in partnering with 3vis,” said Sylvain Plourde, President and Sales Manager for 3vis. “We look forward to continuing to work closely with our customers as we help them modernize their pipeline and become more efficient.”
